BIRDS EMBOLDENED BY NEED OF FOOD

Wrens at Powder Plant Eat Out of Hands of the Workmen.

HOULT, Jan. 23.—The very heavy glaze of sleet that covered everything yesterday effectively precluded all Sunday visiting and made all services at the church a practical failure. Only about half a dozen persons were out to Sunday school and it required a very upright man to be sure of his standing.

This sleet completely encases in a coat of ice every particle of weed seed or other food that the birds could otherwise get and makes Commissioner Stewart's appeal for help in feeding the birds still more imperative and necessary—if we don't want our feathered friends all to perish. In the fall several coveys of quail were using about here and their whistling call could be heard every day but for some time I have not seen or heard one anywhere and am fearful that they have perished.

Pierce, Buffalo, N. Y.

CLARKSBURG, WEST VA.—"Dr. Pierce's Favorite Prescription was of great help to me during my illness. At that time I became all run-down, weak and nervous. I suffered with hot flashes and dizzy spells. At last I began with the 'Favorite Prescription' and it brought me through this critical period in splendid health. I have always felt grateful to Dr. Pierce for what his 'Prescription' did for me and am glad to recommend it."—Mrs. M. J. REED, 117 Ocello St., FAIRMONT, W. VA.—"I know Dr. Pierce's Favorite Prescription is a splendid tonic for women. At one time I suffered a severe nervous breakdown, became very weak, could not sleep and was feeling quite miserable. When I began taking the 'Prescription' I found it very beneficial, inasmuch as it built me up and helped to cure me of this nervous condition."—Mrs. NACMI SCHAEFER, 229 Newton Street, CLARKSBURG, W. VA.—"I have never taken any medicine that was so good as Dr. Pierce's Favorite Prescription. I was suffering with inward weakness. This caused me to become run-down, weak and nervous. I could not eat or sleep. I was very miserable when I began taking the 'Prescription' and it was the means of restoring me to health and strength. I can recommend 'Favorite Prescription' as being a wonderful tonic for women."—Mrs. F. H. CARSON, 121 Ocello Street.

Harold S. Hamilton Somewhere in France

CORP. H. S. HAMILTON.

Edgar Hamilton, of Boise, Idaho, son of John S. Hamilton, formerly of this city, and nephew of W. S. Hamilton, of Edgmont, is in the city visiting relatives. He reports that his brother, Harold S. Hamilton, is now a corporal with the 146th field artillery and somewhere in France. Corporal Hamilton lived in Fairmont until 1909 and has many school friends in this city.

lest these birds they have become so tame as to be practically pets of the men, who call them all "Dickey." One was found in the blacksmith shop dead a few weeks back, to the sorrow of many, and it was not known whether killed, accidentally or otherwise, or if it perished from cold, which was unlikely in the enclosed building.

The other two have become so tame they will eat out of the hand if one is gentle with them. The other day one hopped upon my knee and eat fat meat from my fingers. I threw him a piece on the ground but he soon returned to my hand as it was fastened firm and he could pull off bites from it which he would swallow; then he would decorously wipe his bill on the knee of my

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

IF FEVERISH, BILIOUS, CONSTIPATED, GIVE FRUIT LAXATIVE AT ONCE.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a welland playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy. Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

HYPO-COD PROMOTES HEALTHY DIGESTION

Enables Digestive Organs to Extract Full Nourishment From Food, Creates Appetite, Increases Weight and Strength

VERY PLEASANT TO TAKE.

What is more to be desired than a hearty appetite, sound digestion, and a good solid body with the "stay there" quality so necessary to keep up with the rush of modern times? The answer is obvious, and yet how many people so troubled go along day after day without trying to attain this happy condition other than to "dope" the system with all sorts of pills and cathartics. That sort of treatment won't bring the desired results. In fact, you are really abusing the delicate digestive organs with those means. The real solution for the problem is a good tonic of known value.

Hypo-Cod, the great flesh builder, is the tonic to take. That exceptionally fine preparation cleanses the waste matter from the system, strengthens the digestive organs, so that they can extract the full nourishment from your food, gives you a "whale" of an appetite, increases the weight, helps make rich pure blood and doubles the strength in a remarkably little while.

Hypo-Cod is effective because it contains only the very valuable medicinal extracts from fresh cod livers combined with iron, malt, wild cherry bark, quinine, manganese, hypophosphates, lime, aromatics and soda, with

overalls and start in to negotiate an other place. The birds are our greatest friends, especially wrens, quail, etc., as they eat enormous numbers of bugs, worms and other insects.

One good effect of this severe winter will undoubtedly be the freezing of many worms and insects, as in exposed places the ground is frozen to a depth of two or three feet.

It is reported that Miss Edith McElfresh, daughter of J. F. McElfresh, of Clarksville, who was staying at Hout, and Mr. William Hendricks, of Ohio, were married at Fairmont Thursday.

Russel McElfresh, of Farmington, is visiting relatives here.

Emery McElfresh is suffering with a very bad boil on his arm.

Mrs. Jas. D. Bowman was visiting her aunt, Mrs. Lizzie McKinney, of the East Side, Fairmont, Friday.

Mr. and Mrs. Harry McElfresh are visiting relatives in Mannington district.

Mr. Liston Burnworth went to Ohio, Pennsylvania, to visit his aged father Friday evening of last week.

The relatives and friends of Olin Watkins, of Camp Lee were again disappointed by receiving a telegram from him Sunday stating that he would not be able to get here now as planned. His sister, Miss Gladys Watkins, who is teaching at Goose creek, Union district, had closed her school for the week and came home but will return today and resume her school duties. J. D. B.
